

Expediting

Assure the entire project performance securing quality and timing

When your overseas projects involve various suppliers, complete your project on time, on budget and with the required quality standards could be challenging. Expediting experts on site help you to monitor, check and coordinate supplier's deliveries, products, equipment, and personnel.

Our solution:

Applus+, as a leading inspection company, offers you a large range of services covering every phase of your production, ensuring that materials and processes follow the marked schedule and comply with contractual agreements. We identify all the stages that may cause delays and plan all the actions to overcome the possible troubles and assure the timing and the correct processes.

Our services are, but not limited to:

- Suppliers control and coordination
- Manufacture Process control
- Project monitoring
- Initial Sample Inspection
- Online Inspection
- Witness test
- Sampling and tests
- Follow up audits
- Pre-shipment Inspection (PSI)
- Loading supervision

As a leading inspection company, we provide services in all Mainland China through the highest qualified and professional personnel. We have China based testing facilities and permanent teams located in main China regions.

Benefits:

- Fast and flexible reporting
- Early involvement in project development
- Multicultural and highly qualified inspectors
