

Certificate of Conformity (CoC) for Iraq

Applus+ is a qualified certification body appointed by the Central Organization for Standardization and Quality Control (COSQC) of the Republic of Iraq. We are authorized to issue Certificates of Conformity for regulated goods and products before they are exported to Iraq, according to the applicable standards and specifications.

Thorough safety inspections, testing, and conformity assessments are crucial for smooth market access into Iraq. The primary focus is to ensure that products meet safety and quality standards, providing assurance to consumers that the products are safe for the environment and for use.

Who Requires a CoC for Iraq?

Exporters of regulated goods and products intended for export into Iraq are required to meet the stipulations of pre-inspection, testing, and obtaining a Certificate of Conformity (CoC). This is essential to avoid delays in clearing goods, penalties, or even the return of your shipment.

How Do I Get a CoC for Iraq?

Applus+, through its Conformity Assessment Program, grants Certificates of Conformity for goods that meet the requirements set by the Central Organization for Standardization and Quality Control (COSQC).

To obtain a CoC for Iraq, the process involves:

- **Submitting a Request for Certification (RFC) Form:** Apply for a CoC by submitting the necessary documentation.

- **Assessment of Conformity:** Applus+ will carry out an assessment to ensure the goods and products conform to the specifications applied by COSQC.
- **Inspection in the Country of Origin or Export:** We conduct inspections where conformity is assessed through observation, measurement, examination, or the use of measurement parameters to the fullest extent possible.
- **Inspection at Iraqi Border Ports:** Applus+ will carry out inspections at the Iraqi border ports to verify the validity of the CoC, the seals, and the shipment, and will issue the Release Document for shipments that match the data recorded in the Certificate of Conformity.
